

SUN BEAMS

By WALTER M. BARRETT

One of the most promising and encouraging stories we have had the pleasure to report in recent months is that the Truckee Sanitary Board directors have decided upon a clean-up campaign in preparation for the travel and other activities anticipated during 1939. Last week, in this column, we voiced discouragement at the lack of interest in a program to make Truckee more presentable for our thousands of visitors and so it affords us double pleasure to record the action taken this week by the board. The directors are faced with no small task, but with the expected cooperation of other residents of the town much can be accomplished in the short time left. Without this cooperation no board could do much. We can only urge that the help be extended to the utmost.

If the famous collection of McGlashan relics, removed several weeks ago from the old Rocking Stone Tower here, are returned to their original and rightful location, it will be through the good graces of the board of supervisors. This in substance, was the information gained by the chamber of commerce in a letter from the district attorney, who added that it would probably do no damage to request the return of the mementos. We feel confident that the board appreciates as much as any one the value that these relics are to Truckee and we feel equally confident that when the time is ripe they will be returned to again attract visitors to the historic background of the eastern section of the county. In the meantime, Truckee would do well to protect other valuable mementos of the past by the establishment of a suitable museum where visitors to our town may learn of the history which is probably more enhancing and eventful than in any other section of California.

The untimely death of "Bud" Campbell this week brought a shock to his hundreds of friends in this region. "Bud" was liked by all who knew him and his pleasant smile and witty philosophy will be greatly missed. We join the rest of the community in extending our heartfelt and sincere sympathy to his surviving family.

\$695 RECEIVED BY 16 BLIND RESIDENTS IN THIS COUNTY

SACRAMENTO, Feb. 2 —(UP)—The federal government and the State of California paid a total of \$295,311 to 6159 needy blind persons in the state during the month of December, Mrs. Florence L. Turner, director of the department of social welfare, announced today.

The average payment was \$47.95, approximately the same as in the previous month, when \$290,878 was paid to 6066 individuals.

In Nevada county, 16 blind persons received total assistance payments of \$695, an average of \$43.44 per person.

COUNTY IS GIVEN \$87,325 IN BENEFITS FOR UNEMPLOYED

During the year of 1938, the Unemployment Reserves Commission reports, a sum of \$87,325.08 was allocated for unemployment benefits in this county. This amount was distributed by means of 7,415 checks. In the month of December there were 841 checks issued amounting to \$9,896.43

PROFIT REPORTED BY SIERRA PACIFIC IN YEAR JUST ENDED

Sierra Pacific Power Company, that supplies power to western Nevada and eastern California, reported a gain in net profits of \$172,772 in 1938 over those of 1937. Earnings figured \$2.54 a share on common stock after provision was made for preferred stock dividends.

STREETS PLOWED AS STORM RECESSES IN THIS DISTRICT

Thoroughfares throughout Truckee have been plowed during the past week by country equipment and travel in virtually all parts of town is possible with the aid of chains. Although nearly two feet of snow blanketed the streets following the recent storm, snow plows waged an early battle and found the light snow easily removable. Even the road to the high school, one of the most difficult has been plowed.

Boyd Campbell Succumbs Here To Short Illness

Last Rites Being Held Today For Widely Known Young Man

MASONIC RITES HELD

Community Grieves Passing Of Prominent Truckee Businessman

Thomas Boyd (Bud) Campbell, 36, well known and widely liked Truckee businessman, expired at his home here Monday night at 10:30 o'clock following an illness of a week.

Funeral services were held this afternoon at 2 o'clock at the Masonic Hall where the rites of the lodge of which the deceased was a member, were held under the direction of George Carson, the master. Following the services here the body was taken to Sacramento for cremation at East Lawn. The W. H. Laity Funeral Home was in charge of the arrangements. Scores of friends and relatives attended the impressive services and the beautiful floral offerings indicated the high esteem in which Campbell was held.

Pall bearers were Frank Galennie, Orlan Sanders, Elden Tonini, Laurence Zoebel, Henry Loehr and William Wilkie, Jr.

Charles Worsham and Mrs. Dan Smith were soloists, accompanied by Mrs. Clara Ellert.

The deceased was a native of Truckee, born January 27, 1903, making him 36 years and two days old at the time of his death. He was a son of the late Edwin J. Campbell who died here in May, 1935, and Mrs. E. J. Campbell of this city, both pioneer residents of the community.

He attended the Truckee schools and following his graduation here was a student at the University of California in Berkeley, where he majored in a commercial course in preparation for a business career.

Leaving the university, Campbell was employed as salesman for the International Correspondence Schools and for two successive years was rated as high man in sales in the entire Pacific Coast division. Thus he earned two trips east to Scranton, Pa., where he spent some time. In 1930 he and his brother, Colin C. Campbell were associated in the firm of Campbell Brothers and operated the Associated Station here and later engaged in the automobile business.

Campbell is survived by his mother, Mrs. E. J. Campbell and his brother, Colin C., both highly respected residents of Truckee and by two half-brothers, Edwin J. Campbell of Roseville and William J. Campbell of Grass Valley. The late Mrs. O. J. Rablin, who expired in Roseville in November, 1937, was a half-sister. An uncle, William J. Cluston, resides in Oakland.

The deceased was a member of Westwood Lodge No. 501, F. & A. Masons of Westwood and was affiliated with the Eagles and Woodcraft here and with the Theta Xi, an honorary college fraternity.

414 AGED AIDED IN NEVADA COUNTY DURING DECEMBER

SACRAMENTO, Feb. 2 —(UP)—A total of 125,270 received old age assistance payments in the amount of \$4,062,914 during December, Mrs. Florence L. Turner, director of the State Department of Social Welfare announced today.

In Nevada county, 414 persons received a total of \$4,273, an average payment of \$34.48.

CHAMBER COMMERCE ENJOYS LUNCHEON GIVEN BY STUDENTS

Ten members of the Truckee Chamber of Commerce Tuesday were the guests of the domestic science class at the high school where an excellent luncheon was served by the young hostesses. The repast earned the ap-

Chamber Advised Board Has Right To Retain Relics

Legal Advice Says No Harm In Asking For Return Of Relics

A letter from the Truckee Chamber of Commerce soliciting legal advice from the office of District Attorney Vernon Stoll as to a way of having the relics taken from the old Rocking Stone Tower on the McGlashan property at the request of James McIver, Jr., chairman of the American Legion building committee, brought the reply that the board of supervisors who took charge of the remains could do as they wished as they had purchased the property and held a deed for the relics.

Stoll said that he could see no harm in requesting the return of the mementos, but emphasized the fact that the board of supervisors could do whatever they wished with them regardless of requests.

The letter was read at a meeting of the chamber held Tuesday and apparently ended any discussion on ways to have the valuable collection returned here.

SANDERS IN CHARGE OF ASSOCIATED SERVICE STATION

Orlan Sanders, widely known Truckee man, Wednesday took over the management of the Associated Service Station recently operated by Gregory Brothers. Sanders' application was accepted over a number of others who had made bids for the popular station.

The new manager said he will continue to maintain all departments of the station giving every required service for motorists including gasoline, oils, tires, batteries, greasing and other needs for the automobile.

Sanders is extending an invitation to all motorists to make the Associated Station headquarters and promises efficient and courteous service. Gregory Brothers have not revealed plans for the future.

FIREMEN SPONSOR NEWS PICTURE AT DONNER THEATER

The Truckee Volunteer Fire Department is sponsoring the March of Time program to be included with the regular program at the Donner Theater on Saturday, February 4.

The reel, educational and entertaining depicts the fire fighting methods of large as well as small departments, it shows means of prevention, the results and other salient facts pertaining to one of the nation's most disastrous hazards. The picture was assembled from actual cases and is declared to contain information invaluable to those interested in the protection of their homes and families.

On the same bill, Manager V. C. Shattuck has featured "Man to Remember," one of the year's most outstanding entertainments.

Pythian Sisters Plan For Social Session At Next Gathering In Truckee

Summit Temple Pythian Sisters held their regular meeting at the IOOF Hall last Thursday evening. There was a fine attendance and the new temple is progressing very well under the direction of the Most Excellent Chief Laura Galennie and her fine set of assisting officers.

A social evening is planned to follow the next meeting which will be on Feb. 9 and all members are urged to be present.

A committee under the chairmanship of Mrs. Gladys Dolley is in charge of arrangements.

proval of those partaking and Miss Evelyn Reynolds, instructor of the class, was extended a vote of thanks. The chamber voted a small donation to defray the expense of preparing the fine meal.

TRUCKEE'S MERCHANTS DO APPRECIATE YOUR PATRONAGE—GIVE THEM MORE OF IT!

Petition Seeking Brockway Road Is Given Assemblyman

Highway Commission To Be Asked To Take Over Lateral

A petition, signed by most of the property owners and residents of the King's Beach-Brockway area, calling upon the state highway commission to absorb the Truckee-Brockway highway into the secondary state system, has been sent to Assemblyman Allen G. Thurman of Colfax to be placed in the proper channel for action.

It is pointed out in the petition that a public necessity and convenience exists with the road which serves hundreds of people during the year. The present lateral is controlled by Placer and Nevada Counties and is kept in fair repair during the summer months, but is inaccessible following the first early storms.

The roads shortens the distance between Truckee and Brockway by nearly 15 miles, sponsors of the petition claim, and added that the completion of the road and its maintenance by the state would result in thousands of dollars coming into California trade channels instead of to Nevada as the distance between Brockway and Nevada centers is closer now than to Truckee.

A second message from the local chamber of commerce to Senator Jerrold Seawell asking that he approach the department of public works in an effort to obtain more adequate entrances to Truckee from both east and west, brought the request from Seawell that the local chamber first take the matter up with Frank Clark, director of public works, to show the need for such improvement.

Recently a state highway official visited here and suggested that the chamber contact local lawmakers in an effort to have the work done this spring.

SUNDAY SCHOOL IS GIVEN PARTY AT WORSHAM HOME

Mrs. Charles Worsham was hostess at party given at her home Friday evening for members of her Community Church Sunday School class and other guests.

An election of class officers and games occupied the group earlier in the evening, with refreshments being served at the closing hour.

The newly elected officers are: Lois Keetch, president; Alex Clements, Jr., vice president; Yvonne Joseph, recording secretary; Mary Pierce, corresponding secretary; Azad Joseph, society chairman.

P. T. A. Executive Board Will Hold Meeting To Plan Activities

An executive board meeting of the Truckee Union Parent-Teachers Association will be held on Monday evening, Feb. 6, at the home of Mrs. Ernest G. Harris. Committees for the combined Founders' Day and Fathers' Day meeting to be held at the grammar school auditorium on the evening of Feb. 17 will be named.

The nominating committee will also be elected at the latter date, the election of officers for the coming year to be held in March.

The third district meeting of the P.T.A. held at Del Paso Heights Grammar School on January 25 was attended by five local members.

THULA GIELAND OF DOG RACE FAME IS VISITOR HERE

Mrs. Thula Gieland with her husband and family visited Mrs. Hazel Lewis on Sunday en route from San Diego to their home at McCall, Ida.

Mrs. Gieland will be remembered here as having raced in the dog derbies between Truckee and Tahoe in the years 1929, '30 and '31 with her team of Irish Setters. Some of the animals with a recent litter accompanied the Gielands on their vacation.

Keep Truckee Money In Truckee

Groundhog Sees Shadow Here Today As Sun Peaks Forth

We don't know whether old Mr. Groundhog knows any more about whether spring will be early or late than we do, but we hope not, because today he came forth, according to the sages, and saw his shadow, immediately scurrying back for another six weeks hibernation in his cozy bunk, a late spring being in prospect.

The sun didn't give him much shadow, but for a brief time emerged through the blustery and cold clouds and sent the old fellow hurrying home.

There is a chance that the foxy old boy looked at last year's calendar and didn't know this was February 2, but we are afraid he knows all about it.

Precipitation Here Still Below Normal As Temperature Sinks

Deep Snows To Provide Fun For Winter Sports In Sierra

The precipitation for the month of January is 4.63 below normal according to Forest Ranger H. I. Snider with a total snow fall of 47 inches which is .55 under normal for the first month of the year and 2.21 under normal for the season.

Following the clearing weather on Monday the thermometer fell several degrees with snow reported at Mt. Diablo and other unusual points.

A well packed snowfall within the next two weeks will be beneficial in increasing the moisture content for the summer season, Snider said.

Temperatures in Truckee dropped to new seasonal lows with a variety of degrees below zero being reported to as low as 15 minus.

The pack of snow on Donner Summit was reported Wednesday at 65 inches with only slightly less at Lake Tahoe, assuring excellent skiing at these and other nearby points. Winter sports enthusiasts may be sure of ample snow and ice for the week-end.

TRUCKEE, TAHOE SKIERS INVITED TO WORLD FAIR MEET

Prior to the ski jumping to be held at Treasure Island, winter sports enthusiasts from all parts of Northern California plan a get-together and rally at the Snow Ball celebration to be held by the Sacramento Ski Club at Rainbow Gardens on February 8.

Among the clubs invited to send delegates are the Truckee Outing Club and the Tahoe Ski Club.

A large evening has been planned by the committee with dancing from 9 p.m. to 1 a.m.; a splendid floor show has been prepared.

This is the first evening of its kind for skiers ever held in this part of California, and is similar to those held in the Tyrolean section of Europe where skiers meet annually for an evening of entertainment and merriment.

International ski figures such as Bill and Fred Klien and Hannes Schroll of Norden have been invited to attend.

IOOF EXCURSION DUE HERE

Three Southern Pacific excursion trains are scheduled to spend the week-end in Truckee, two containing the Odd Fellows from the San Francisco and Oakland region and the second with the Young Men's Institute of San Francisco.

The Odd Fellows will arrive here Saturday morning and after a day in the snow will continue to Reno morning.

The excursion slated last week end was cancelled because of the lack of snow.

Wise buyers patronize those who advertise.

Sanitary Board Studies Way To Clean Up Town

Old Deserted Buildings May Be Destroyed Under Program

SEEK COOPERATION

Will Prepare Town for Influx Of Tourists During Coming Year

Members of the Truckee Sanitary Board, meeting here Tuesday night, sought ways and means for a thorough cleanup campaign preparatory to the expected tourist travel during the coming year.

As a first step in the task, the board is seeking legal advice relative to removal or destruction of ancient unoccupied shacks in various sections of town which are eye sores to the appearance of the community. The cooperation of the owners of these dilapidated structures will be sought and the assistance of the fire commissioners and fire department has been solicited in the removal of the unsightly buildings.

The board proposes to have the shacks removed and have the streets and alleys thoroughly cleaned, so the town can offer an attractive scene for the thousands of visitors during Fair year.

As an example, one member of the sanitary board, who owns one of the less reputable buildings, has agreed to dispose of it immediately. It is hoped that other owners will fall in line as the houses or buildings in question are not habitable and are beyond repair. It is believed by the board members that the owners will welcome the opportunity to have the property cleared, enhancing the value and at the same time offering a more pleasing appearance.

The board also decided to seek a PWA grant for the purpose of altering the course of the sewer line on the flats near the Southern Pacific stock yards east of town. This section has caused considerable trouble with drainage during past years and it is hoped the realignment will be a permanent correction. The work will cost between \$1200 and \$1500, it was estimated.

Members of the board who may be contacted by owners of the untenable shacks in the cleanup drive, are Frank Galennie, chairman; G. E. Hofmann, H. I. Snider, George Pace and Clair P. Goode.

Historic Breen Bible Will Be Displayed At Treasure Island Fair

The Holy Bible from which Patrick Breen sought comfort and wisdom while his companions in the ill-starred Donner Party were dying all around him in their helplessness to combat the snow and ice of the high Sierra winter, is to be placed on display at the Golden Gate International Exposition by the University of California's Bancroft Library.

In the same exhibit will be the original constitution of the State and the Treaty of Cahuenga which made California independent of Mexico, and numerous other priceless documents of Californiana.

DOES POLLOCK PINES STAND ALONE AS GAME RACKETS HEADQUARTERS? WE WONDER

PLACERVILLE, Feb. 2—Five men held in the Eldorado county jail, following a raid on their homes at Pollock Pines, above this city, by state game wardens, are suspected of having tracked down and killed in the neighborhood of 100 deer, since the closing of deer season. One of the men admits killing about 14. Others apprehended said they had no idea of how many they had killed.

According to authorities, a community of 200 persons has been living on venison for months.

The five men are all members of a colony of itinerants who established their homes at Pollock Pines a year ago.

All five went to trial today.

THE LABOR RELATIONS ACT

It is refreshing to see that certain progressive labor groups, including some affiliates of the American Federation of Labor, are urging reasonable modification and revision of the National Labor Relations Act.

Farsighted labor leaders are the first to recognize that the cause of honest unionism is harmed, not served, by extremist legislation which is predicated on the principle that labor has to be favored at every turn, and the employer is always penalized. The Labor Relations Act, at least as construed by the Labor Board, puts almost no restrictions on the activities of labor—and hogs the employer to the extent that he has almost no rights at all when controversies arise.

Dispassionate and fair revision of the Act is absolutely essential to the maintenance of peaceful industrial relations—and the welfare of legitimate unionism.

A CHALLENGE TO BE MET

"In the long run, probably in the next few years, Germany's competitive ability in foreign trade will depend upon the productive capacity of German industry. There seems to be no reason for believing that this capacity has been raised by the controls introduced under the Hitler regime. The German aggression is a challenge. But it should be met, not by imitating German policies, but by applying our own more boldly and effectively." —Percy Bidwell in 'Foreign Affairs.'

UNBELIEVABLE ACCOUNTING METHODS

The Tennessee Valley Authority has used unorthodox accounting methods—methods which would be illegal if used by regulated, private utilities. That evidence is in a report of auditors engaged by the TVA itself to examine and certify its books.

The TVA's financial statements, the report says, "reflect only costs incurred directly by the Authority and give no cognizance of expenditures made by cooperating governmental agencies for which no reimbursement was made by the Authority. The net result stated for the power program does not include any charge for interest or taxes."

According to a news item in the New York Herald-Tribune, there are four specific items "obviously referred to by the auditors as not being included in the financial statements of the TVA power program," all of which the private utilities are required by law to consider as charges.

This illustrates the tremendous advantages possessed by this tax-subsidized, unregulated, untaxed authority which is supposed to establishing a "yardstick" with which to judge the rates charged by stringently regulated, heavily taxed, self-supporting utilities. Suppose the same methods were used by government to set up "yardsticks" for measuring the insurance business, the grocery business, the newspaper business or any other business. Just how long would it be before all private business disappeared—and only socialised business remained? Make no mistake—the TVA is the entering wedge of state socialism on a colossal scale. And your business may be next.

She's in Good Hands

POLITICAL POTPOURRI

by TOM JEFFERSON

The Assembly soap-boxer, Sam M. Yorty, has taken from its kennel the ugly unicameral legislature proposition so that it could make its biennial visit to the Capitol building. He points, with puzzling pride, to Nebraska and its one eyed legislature. He claims that Nebraska is the one white spot of the nation and that it is all due to the one house legislature. We are inclined to wonder if friend-of-the-masses Yorty has been told that all that hokus powus about the "very noble experiment" is now relegated to the same basket (waste paper) that the balanced budget and the supreme court reform have gone into. The blunders of the unicameral legislature has hoisted taxes up to the poor Nebraskans arm pits and that its excuse, "wait 'til we get started" is beginning to wear thin. Yorty is certainly keeping it a secret if he is trying to line up the rural vote for his Senatorial ambitions next year. Someone could tell him what happens to bad little boys who antagonize the farmers and "Main Street" voter. We could refer him to EX-Senator McGill or Kansas, or EX-Senator Pope of Idaho or EX-Governor Murphy of Michigan or EX-Senator Bulkley of Ohio, but we won't. Let him find out for himself.

We got to reading the political news of the last month and spotted a couple of highlights. When Mrs. Dilling testified before the hearing on the confirmation of Mr. Justice Frankfurter, she said "he is a very dangerous man." A question arises in our minds as to just who or what he is dangerous to. He has always championed the American way and has fought for the improvement of the American lower and middle income classes. If our opinion was asked, we should say that there are safer persons than Mrs. Dilling in the violent ward at Stockton State. And we don't mean University! By a vote of 46 to 47 the administration went down swinging to the opposition when the Senate refused to restore the \$150,000,000 cut from the relief budget. The Conservative coalition is no longer a matter for speculation, it is an actuality. The surprise came when heretofore liberal Farmer Laborite Henrik Shipstead of Minnesota bowed to the Republican victories in the recent elections in his state and split with his F-L colleague, Mr. Lundeen and voted to retain the cut. The question of the hour is can Mr. Roosevelt take the rough sledding or will he crack as did Mr. Wilson.

MRS. MILDRED PRINCE, S. F. Welfare Commission—"It seems utterly absurd that someone doesn't try to do something about deporting the deportable aliens that are new supported on public relief by California taxpayers."

Tahoe Ramblings

(By SWANEE)

Mrs. Evelyn Neilsen of Lake Forest who has been undergoing medical treatment at an Auburn hospital is expected home again Tuesday. Her condition is reported improved.

Al Hull Monday was reported to be resting easily. He suffered an attack of the flu more than a week ago but rose from his sick bed too soon and received a setback. Arthritis was the result of his hasty action. Dr. J. H. Bernard is the physician attending.

Mr. and Mrs. Ted Moore of Lake Forest are sojourning in El Cerrito this winter.

Mrs. Valentine Woodhouse of San Francisco, accompanied by her children, Doris and David, and Miss Barbara Johnson enjoyed a vacation of several days at Tahoe. While here they spent hours hiking and skiing.

Tahoe's lake level stood at at 6226.82 on Monday with 343 CSF of water leaving the gates with eight inches of new snow added to the present pack. The total on the ground at Tahoe City Monday was 18 inches. Greater depths are recorded in outlying areas two and a half feet being on the ground in the Sunnyside district and sections south of town and a heavy downfall still in progress Tuesday. With the barometers slipping steadily lower Tahoeans are expecting the first really heavy snowstorm of the present winter season. Snow plows are keeping the roads open and traffic is moving unobstructed.

The Misses Florence and Lillian Vernon are home for a week's vacation from Sacramento Junior College. Mr. and Mrs. C. W. Vernon motored to Auburn on Monday on business.

Captain and Mrs. H. L. Dahllof of Alameda enjoyed several days vacation at Tahoe last weekend.

Asked to Compete

Three women and two men members of the Lake Tahoe Ski Club have been asked to participate in the ski races in Yosemite Park on February 3 and 4.

Tahoe Residents Get License

Vernal M. Tyler and M. Joy Bitely, both of Pomona, Lake Tahoe, are receiving the felicitations of their many friends, following the report that they have applied for a marriage license at Reno on Jan. 31st.

The Court of the Moon by Night

A night view in the Court of the Moon on Treasure Island, site of the Golden Gate International Exposition, opening on San Francisco Bay on Feb. 18. The illuminated spray plays before the Tower of the Sun.

President's Ball Sparsely Attended At Community Hall; Card Games Played

TAHOE CITY, Feb. 2.—Tahoe celebrated the President's birthday with a dance and card party which were poorly attended. It is believed, however, that a complete check of tickets sold will reveal a substantial profit. Only one table each of pinocle and bridge were played in the library with Mrs. Swanson and Mrs. Sisk winning the two prizes offered.

Less than 50 persons attended the dance in the Community Hall. Refreshments were served late in the evening. Out-of-towners included Mr. and Mrs. Nat Quilici and Miss Margaret McGinnis and brother Doyle, of Truckee; Mr. and Mrs. Phil Geier and Mr. and Mrs. Charles Heller of Meek's Bay. Nearly \$50 was on hand Monday night. The Lake Tahoe Ski Club sponsored the affair, which Mr. Carl Bechdolt, Sr., managing it.

Tax Expert To Be at Inn On February 25th To Aid in Filing Tax Returns

For the convenience of those who are required by law to file Federal Income Tax Returns, a Deputy Collector of Internal Revenue will be at Tahoe Inn, Tahoe City, on February 25th to assist taxpayers in preparing their returns. No charge will be made for this service. The matter of filing Income Tax Returns should be given immediate attention, in order to avoid penalty and interest.

Persons are required to file a return if their net income is \$1000 or over or if their gross income is \$5000 or over and are single (or married and not living with husband or wife) or if married and living with husband or wife and their net income is \$2500 or over or if gross income is \$5000 or over.

H and W CLUB HOLDS SOCIAL MEET AT BAY

TAHOE CITY, Feb. 2.—A number of Tahoe City residents attended the delightful H and W card party in the Meek's Bay dining hall last Tuesday night. President Charles Heller greeted the guests. Dutch whist and bridge were played.

Those attending were Mr. and Mrs. William Elam, Mr. and Mrs. Phil Geier, Mr. and Mrs. Charles Heller, Mrs. Hattie Lake, Mrs. Jack Hale, Mr. and Mrs. Ed Kiefer, Mr. and Mrs. Roy Stark, Mr. and Mrs. Cecil Bowman, Mr. and Mrs. Sam Brown and Tom Skaggs of Meek's Bay; Mr. and Mrs. A. M. Henry and daughter Patsy, Mr. and Mrs. C. W. Vernon, Mrs. Jess Sisk, Mrs. C. A. Swanson, Mr. and Mrs. Henry Worden and daughter Helen, Mrs. Bliss Hinkle, Mrs. Betty Stevens, Mr. and Mrs. W. A. Simmonds, Mrs. Ray Hicks, Mrs. E. R. Beauvais and Mr. and Mrs. John Pingree. First prize for bridge went to Mrs. Hicks with consolation to Mrs. Simmonds in the ladies division. Joe Henry was high man and Henry Worden low. First prize for men in whist went to Phil Geier with Ed Kiefer low. High prize for ladies went to Alma Brown with Bess Elam taking low. Homemade cake and hot coffee were served the guests.

ULLAND WINS MEET AT LEAVENWORTH; KEEPS N. WEST TITLE

LEAVENWORTH, Wash., Jan. 29. (UP)—Sig Ulland of Lake Tahoe led a field of 18 ski jumpers Sunday in the 13th annual Leavenworth Sports Carnival and set a new American competitive ski jumping record of 249 feet.

Ulland, the national ski jumping champion, broke the previous mark of 245 feet set in 1937 by Alf Engen former national champion, at Salt Lake City.

Ulland placed first in the tourna-

RENNER MAKES 108 FOOT JUMP FOR MT. MEET LAST SUNDAY

TAHOE CITY, Feb. 2.—Only a few Tahoeites were on hand to witness the University of Nevada's highly publicized ski meet on Mt. Rose. Among those attending were Mr. and Mrs. H. D. Worden, Jim Worden and Miss Helen Worden, Mr. and Mrs. A. M. Henry, Kathleen and Jack Starratt Anderson, Mr. and Mrs. Carl Bechdolt, Jr., Dave Renner, Henry Obexer, Miss Phyllis Miller and Albert Henry, Jr.

More than 1500 persons attended the successful meet which netted \$830 at the gate. Dave Renner made the longest jump of the day, 108 feet, from the big hill with a fierce wind making jumping a ticklish proposition. Renner was not eligible for competition since he is not a college student. Sig Vettestad of Placer Junior College at Auburn made a 101 foot jump.

Jim Worden placed 4th in slalom, with Kathleen Starratt Anderson capturing first place in women's slalom, the only scheduled event for women skiers. She received a gold cup and an ovation for her able management of the two-day event.

Miss Starratt Anderson was chosen by the women officials at Sun Valley to train for the meet at Mt. Hood. At that meet members of the Women's United States Ski team will be chosen to represent this nation at the 1940 Olympics in Finland. Three western women chosen for the competition include Miss Starratt Anderson, Yvonne Blossom and Miggs Jennings. The latter two leave this week for Idaho where they will train under Willie Pfeifer of Switzerland. Kathleen cannot take advantage of the practise period at once as it would interfere with her studies at Nevada.

ment with 235.8 points, to nose out his brother, Olav, who scored 232 points.

John Leeds Copper Mountain, B. C., lacked the form of Ulland and placed third with 230.2 points, despite his jump of 242 feet, the second longest of the day.

NTSC Contest Ends With Dinner Party at Buckhorn

KING'S BEACH, Feb. 2.—The North Tahoe Sports Club's losing team in the recent membership drive paid off their debt to the winning team Wednesday night with a dinner given at Buckhorn Inn. A delightful meal was served and a high note of praise was heard for Mrs. Tom McCarthy who was in charge of the cooking. She was assisted by Mrs. Art Schneider.

Contributing to the entertainment of those present were Mrs. William Loughlin, Mrs. Dot Killilay, Fritz Lentz and Tom McCarthy. About 60 people attended and dancing was enjoyed until a late hour.

Members of the club who have been working on the ski jump announced that it has been completed. All we need now is enough snow for it to fly out. It is located in the Sugar Bowl in Crystal Bay.

Tuesday night, Feb. 7, following the regular club meeting a moving picture of snow scenes and skiing will be shown by Martie Arrouge at the Buckhorn Inn followed by a box social and dancing.

The public is invited.

FIRST MEET ON NEW SKI HILL TO BE HELD AT TAHOE SUNDAY

TAHOE CITY, Feb. 2.—The Tahoe Ski Club will hold its first meet on the new hill in town on Sunday, Feb. 5, with the public invited to attend and participate. Tahoe's Sacramento club has also been asked to send competitors. A temporary jump will be made and slalom and downhill courses will be available. While records of times and distances will be kept, no prizes will be offered.

Floyd Carnell, Secretary of the club, has prepared the new upski for the meet. He and his wife will serve hot refreshments in the renovated warming hut.

Tomorrow evening the club will hold a business meeting at 7:30 p.m. Members and guests will be served refreshments later with dancing or cards to fill in the evening.

In music, it's tune, in business it's advertising.

WOMEN'S CLUB HOLDS SOCIAL MEETING AT TAHOE FOR BREAK

TAHOE CITY, Feb. 2.—The afternoon social held by members of the Tahoe Womens' Club on Tuesday offered an enjoyable break in the dull winter season. Bridge and whist whiled away the afternoon following the serving of sandwiches, cake and coffee. Mrs. Ben Stanley won first prize for whist and Mesdames Swanson and Henry won first and second prizes at bridge. Attending were mesdames Paula Freese, Georgia Cade, Marie Henry, Elizabeth Worden, Jess Sisk, Ethel Atherton, Barbara Spitsen, Minnie Pomin, Bliss Hinkle, Betty Stevens, E. R. Beauvais, Bliss George, Henry Soll, Beulah Cornell, Alta Bowman, Gladys Quam, Irene Edwards, Charles Steffens, Eleanor Droll, W. A. Simmonds, Diane Grover, Northie Pomin, John Pingree, Anne Anderson, Myrtle Lirch, Sadie B. Reeves, Ben Stanley and Eleanor Swanson.

MRS. PORTIA MOSS ACCEPTED FOR TEACHING POST IN SANTA BARBARA JUNIOR HIGH SCHOOL

Portia F. Moss, former Placer Co. School Superintendent was elected to a teaching position at the Santa Barbara Junior High school after she had successfully passed the examinations of the Board of Education of Santa Barbara County, it was learned here last week.

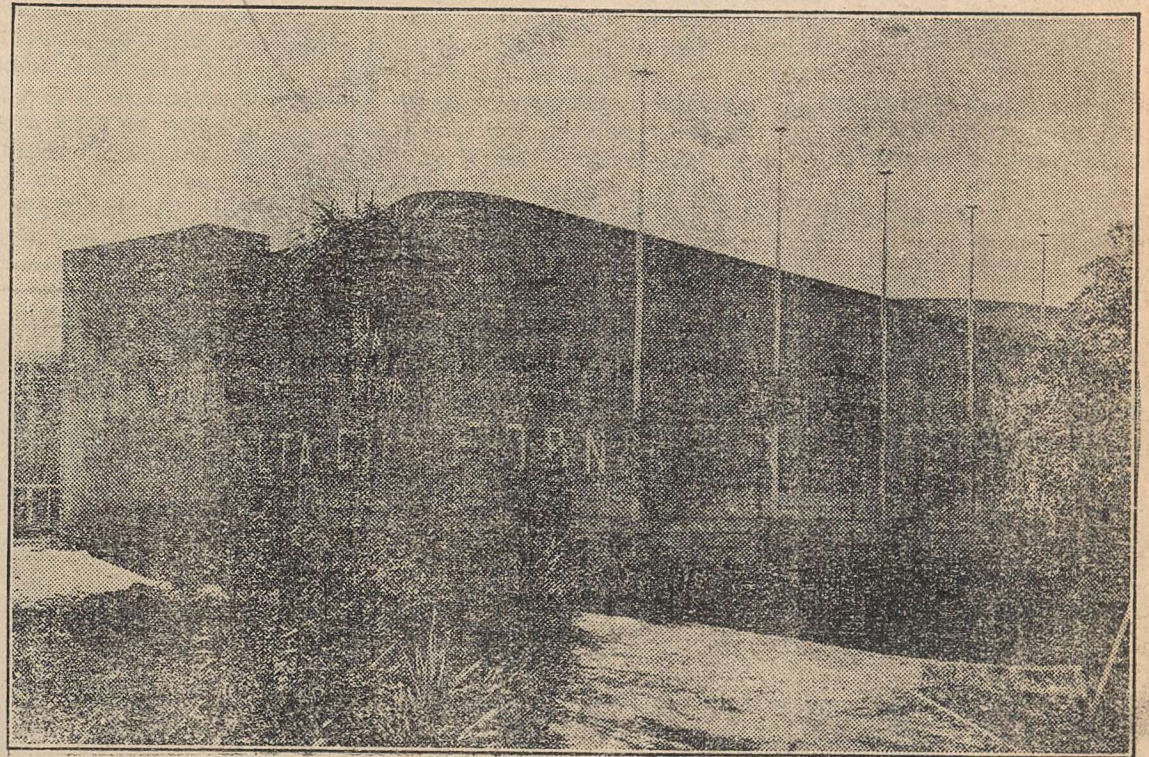

Heading the social science department, Mrs. Moss will apply the revised curriculum work that gained the attention of state educators when she began it in Placer County. A similar project was being undertaken in the southern city schools and recognizing Mrs. Moss as an authority on the subject, they invited her to accept a position on the staff.

WITH YOUR ASSEMBLYMAN, THURMAN

(by Assemblyman Allen G. Thurman)

"SCOOP"

A total of 3994 bills were presented before the legislature during the first part of the fifty-third session, 2767 bills being introduced in the Assembly and a total of 1227 bills being presented in the Senate. On the final day's session more than 700 bills were introduced in the lower house and it was midnight before the Assembly adjourned although officially the time set for adjournment was 2 p.m. and the clock stopped at 3:35 p.m. These 3994 bills do not include many constitutional amendments and resolutions which were also introduced.

Your Assemblyman introduced a total of twelve bills and we are co-author on three other bills. The majority of these 15 bills pertain to or affect our own district and we hope that during the recess that we hope that during the recess that we can discuss some of them briefly in this column.

During the second half of the session which will open on Monday, March 6th each legislator will be permitted to introduce but two additional bills.

The Sixth Assembly District is not only the largest district in the state but likewise your Assemblyman has more state senators in his district than there are in any other Assembly district. Senator A. L. Pierovich represents Amador, Alpine and El Dorado counties in the upper house; Senator Jesse Mayo represents Calaveras, Mariposa and Tuolumne counties; Senator Charles Brown represents Inyo and Mono counties while Senator Jerrold Seawell, who is also President pro-tempore of the Senate represents Placer, Nevada and Sierra counties.

We have found all of four Senators most helpful in matters pertaining to their particular part of the district and their fine cooperation has been one of the highlights of our first few weeks as a legislator.

A new feature of this session or

Capitol Week

(by NEWTON STEARNS)
(United Press Staff Correspondent)

SACRAMENTO, Feb. 2 —(UP)—The legislature is on vacation until March 6, presumably studying the mass of proposed legislation introduced during the first three and a half weeks, and another all-time record has been wiped off the books.

The legislators offered a total of 3995 bills before taking the February recess required by the state's constitution. The senators extended themselves and introduced 1227 bills, topping their mark of two years ago by 138, while the assembly fell short of its last session total by only 17 bills. The grand total was 121 above the previous all-time record established

the state legislature is that the interim committees will hold public hearings during the recess. This is somewhat of an experiment. The idea originated in the Senate and was also adopted by the Assembly. Senator Jerrold Seawell, President pro tempore, believes that if the coordinated and standing committees its function during the second half of the session much earlier than it did during the session of 1937.

Last week we referred in this column to Senate Joint Resolution No. 2, opposing the establishment of a National Park in the Kings River Canyon, which passed the Assembly after some two hours debate. We desire herewith to tell our readers that the San Francisco and Bay area Assemblymen gave this resolution almost united support. The writer has been fortunate in that his seat in the lower house is situated in the section in which the San Francisco and Bay area assemblymen are located. They have been most helpful and have shown a fine spirit of cooperation with your representative in the lower house. They seem to feel that the rural section is entitled to the breaks. And the story of what the creation of additional national parks meant to the rural counties in the way of a larger tax burden was not hard to put over.

During the recess we hope to visit as much of our large district as it is possible for us to cover. In the mean time if any of our constituents have any problems or suggestions to offer they may address us at our home address, Colfax, California. Please bear in mind that we truly desire to represent the district to the best of our ability and will appreciate any suggestion you may have to offer. We would especially like to hear from the people of the district as to their views on relief to aliens as this question will be one which will be seriously considered when the legislature reconvenes in March.

in 1937 of 3874 bills.

As usual, however, there were hundreds of duplications, and bills varying from some of their brothers only in minor details. And many times identical bills were introduced in the two houses, to permit simultaneous study by Assembly and Senate committees.

Big figures were the order of the week as the legislature received Gov. Culbert L. Olson's \$557,000,000 budget. Features of the 800-page document included allocation of sufficient money for state employees' salary raises due under the civil laws, an \$8,000,000 construction program for state institutions and expansion of certain "undernourished" state units such as the personnel board, department of industrial relations, department of social welfare, University of California and state colleges.

Olson proposed to raise \$63,000,000 in new taxes, chiefly from increased income taxes in the brackets above \$3000, increased racing taxes, severance taxes, inheritance and gift taxes and sharp boosts in liquor licenses.

The Republican-controlled senate, however, appointed a special committee to conduct an independent investigation of sources of possible tax revenue, and Revenue and Taxation Committee Chairman Edward H. Tickle of Carmel announced his group would scrutinize the budget with a view to reducing it from its present all-time high.

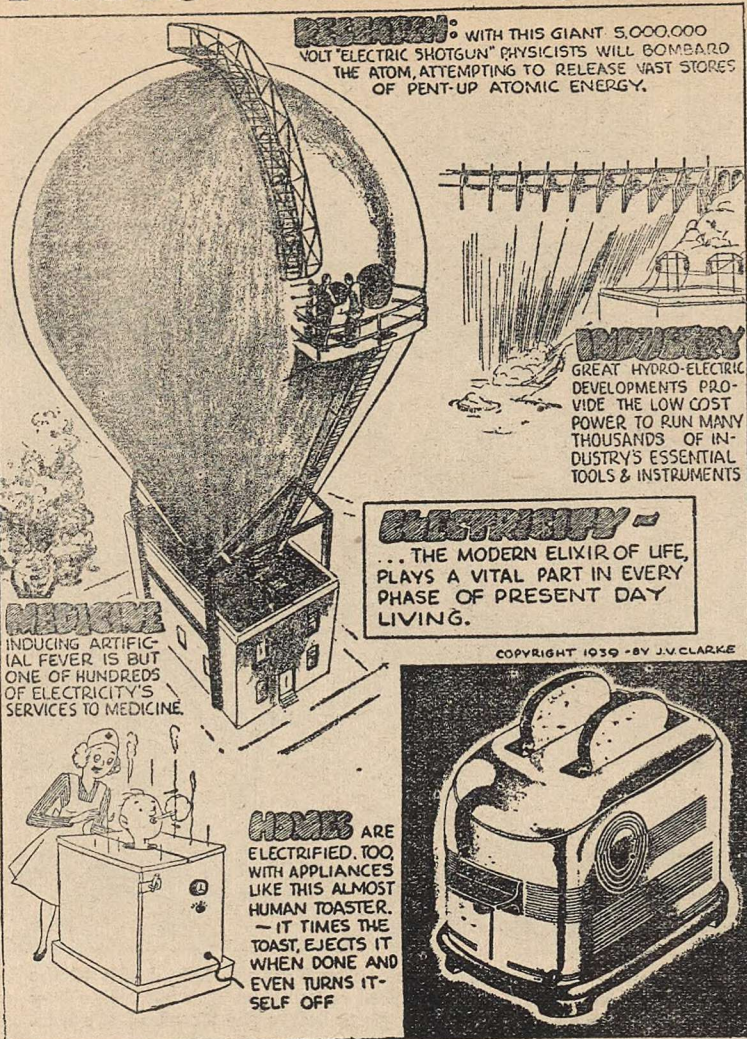

The two committee were included in a group of assembly and senate committees authorized to conduct hearings during the interim recess.

The administration took a bad beating in the senate in attempting to force confirmation of three appointees to the San Francisco Harbor Commission. The Governor first named labor men to two of the positions, then substituted George Sehlmeier, master of the California Grange for Railroad Unionist Harry See, after a wave of protest washed in from the agricultural areas. Even with his revised list, Olson was defeated 23 to 9 in an attempt to withdraw the names from the Rules Committee because of rural opposition to Germain Bulke, Belgian-born president of the CIO San Francisco longshoremen's union.

Bulke's superior officer, Harry Bridges, also was the center of a legislative controversy during the week, as both houses approved a memorial to Congress asking one way or the other by Secretary of Labor Perkins in the Bridges deportation matter.

After working 27 days as executive secretary to the Governor, R. E. Evans was appointed State Building and Loan Commissioner, with a \$1000 increase in salary to \$6000 a year. Evans takes the place vacated by Justus F. Craemer, Orange newspaper publisher, who resigned in late December to take an appointment to the state railroad commission made

day, adding, "There is every reason to believe he will be able to open the fair and also be back to work when the legislature reconvenes in March."

POLITICAL PARADE

By CLEM WHITAKER

With California lawmakers back in their home districts for the constitutional recess, there are rapidly mounting indications of a revolt against new taxes which promise to overshadow every other issue when the State Legislature reconvenes on March 6.

Governor Olson's record breaking \$557,000,000 budget — together with his request for \$63,900,000 in new taxes — will be the subject of sharp scrutiny by both Senate and Assembly committees, meeting during the recess period, and there are definite signs that an aggressive "economy bloc" will take up the cudgels against the big spending program.

Some of the legislative leaders feeling that taxpayers must be given relief from constantly increasing tax burdens — and that government must start to live within its income, regardless of the clamor from "pressure groups" for bigger relief payments and new governmental services — already have served notice that they will demand the budget be reduced to a point where no tax increases will be required to pay the State's overhead. That ambitious program, if successful, would require a slash of more than \$60,000,000 in the Olson budget total.

Final outcome of the impending "Battle of the Budget", in all probability, will depend on the public. If the "asking groups" are better organized and exert more pressure than the taxpayers, new taxes are inevitable. But if the taxpayers back up their lawmakers with demands for rigid economy, they will probably get it!

Here are some of the new taxes, including proposals in Governor Olson's budget and other taxes suggested by individual legislators:

State tax of 2 cents on each package of cigarettes; an tax of 1 cent an ounce on smoking tobacco, together with a 1 cent levy on cigars. Amusement tax on all tickets above 50 cents. Cosmetics tax. Chain store tax.

Severance tax of 2 per cent on all oil, natural gas and natural gasoline; a new gift tax; sharply increased State income tax in middle brackets; drastically increased inheritance tax; boost in bank and corporation franchise tax; increases in beer and hard liquor taxes and in liquor licenses; increase in the State's share of pari-mutuel betting; jump in chauffeurs' licenses and other motor vehicle fees; ad valorem tax on the California assets of corporations, etc.

NATIONAL AUTOMOBILE CLUB OFFERS SPECIAL SERVICES AT GOLDEN GATE EXPOSITION

Visitors, and particularly motorists, to the Golden Gate International Exposition in San Francisco during 1939, will find a friendly welcome awaiting them in the National Automobile Club exhibit in the building known as Vacationland. Here will be established a bureau for the express purpose of assisting tourists form all sections of the world who visit California. National Automobile Club, with its worldwide service, will have its portion of the Fair well staffed with properly trained touring directors, competent to explain Western tourist attractions so motorists may take the fullest advantage of their trip.

Motoring tourists will be cheerfully supplied with all travel information, superior maps and other data which they desire, and the qualified directors will, upon request, route the tourists on their return trips to their homes.

"Week to Go" Rallies Are Slated In California Towns

"One Week to Go" rallies are being scheduled for February 11 in more than 100 California communities, according to the World's Fair Premiere Committee of the Golden Gate International Exposition.

Setting for a "dress rehearsal" of all townspeople who plan to attend the Premiere in western costume, the rally will also be the climax of a beauty contest to select the most beautiful local girl to compete for the title of "Queen of the Premiere" in a state-wide final to be held on Treasure Island, Sunday, February 19th.

FINAL WEEK FOR AUTO LICENSE RENEWAL IS AT HAND; FEES TO DOUBLE

This is the final week of the 1939 period for renewing automobile registration and securing new plates. The period ends at midnight Saturday. Car owners who fail to apply before that time will have to pay heavily increased fees as a penalty.

With expiration of the period the registration fee will jump from the regular \$3 to the penalty of \$6 and the amount of the vehicle license fee based on car value will increase by 50 per cent.

With many car owners yet to apply the closing days are expected to witness a heavy rush at plate issuing offices. Plates are being issued by the Department of Motor Vehicles at offices in various cities and by the California State Automobile Association to member motorists at its 33 district offices.

The application procedure requires presentation of the 1938 certificate of registration. The postcard notice of total fees due also should be presented to save time.

Licenses may be obtained locally from the Checking Station a mile and a half west of Truckee on Highway No. 40, Clerk Carl E. Smith in charge.

CALIFORNIA SEEN AS KEY STATE IN 1940 PRESIDENTIAL POLL

California may again be a key state politically in 1940, with this thought in mind, the leaders of Pro America, a national organization of Republican women, with many Jeffersonian Democrats among its officers and members selected California for the National Conference.

Pro America was founded in Seattle by Mrs. Theodore Roosevelt, Sr. who is honorary national president.

The program for '39 and '40 was planned and a new roster of national officers elected when the conference met in San Francisco, Jan. 30 and 31.

William F. Knowland, Republican national committeeman for California, in a recent speech in Sacramento, pledged his support to a program which not only included recognition of the political capability of women and of their proven capacity for cooperation and work, but also a promise of giving women a place in the policy-forming and strategy-planning councils of the Republican party.

Pro America offers its members a unique service in political education, training for more enlightened citizenship, an organization equipped to act in an emergency and an opportunity to participate intelligently in the world of politics.

S. P. BUYS LARGE LARGE CONSIGNMENT OF STEEL FROM 3 CORPORATIONS

Southern Pacific Company has placed orders for 40,000 gross tons of steel rail, representing a total value of \$1,750,000, to fill its requirements for 1939, according to an announcement by A. D. McDonald, president.

The orders will be divided between Columbia Steel Company, Bethlehem Steel Company and the Colorado Fuel and Iron Corporation, McDonald said.

For use with the rails, a large tonnage of rail joints, tie plates, track spikes, bolts and other fitting, with an approximate value of \$850,000, will be ordered shortly, it was announced.

Mexican Elections Promise To Be Heated In 1940, Says Dr. R. H. Fitzgibbons

The next few months are likely to see a struggle in Mexico between the forces of organized labor and the army, which traditionally has been a source of political power.

This is the prediction of Dr. R. H. Fitzgibbons, assistant professor of political science on the Los Angeles campus of the University of California. Dr. Fitzgibbons is an authority on Latin American politics.

"The leader of the present dominant labor union group, Lombarado Teledano, may be President Cardenas' opponent at the national elections in 1940," Dr. Fitzgibbons said. "The army and labor have not gotten along very well and a struggle between those two is likely."

"Death in battle of the military leader, Cedillo, one-time secretary of labor, eliminates one of Cardenas' opponents. Calles is an exile in California. Thus the split between Cardenas and Teledano, the two present political leaders of importance, is not unlikely."

As for President Cardenas, the present chief executive of Mexico, his popularity with the people is rivaled only by that of President Juarez, the "Mexican Abraham Lincoln," believes Dr. Fitzgibbons.

McCARRAN BILL FOR SALE OF RESERVATION LANDS BRINGS CHIEFTANS TO HEARING

CARSON CITY, Feb. 2 —(UP)—Indian chieftains in full regalia this week invaded the Nevada assembly chamber. They were witnesses of H. Dewey Anderson, Indian Assemblyman from Pyramid Lake, brought to testify before the military and Indian affairs committee on his joint resolution memorializing Congress not to allow purchases of land in the reservation by white settlers.

After grouping around Sampson's desk to have their pictures taken, the Indians told, through an interpreter, how they believe the land is rightfully theirs. A bill Senator Pat McCarran recently introduced in Congress, according to Sampson, would allow five

MASONIC CHIEF ISSUES PROCLAMATION FOR PUBLIC SCHOOL WEEK

Public Schools Week this year will be observed beginning Monday, April 24, according to a proclamation issued by Leon O. Whittell, grand master of Masons of California and addressed to the 130,000 members of the order in the state.

The coming celebration marks the 20th annual observance of the event. The week was originally established to call public attention to, and aid in correcting, acritical condition in the public schools due to a shortage of teaching personnel caused by war conditions. Its purpose each year now is to keep the general public informed of the work being done by schools.

The observance is conducted in cooperation with the P.T.A., the American Legion, women's organizations, chambers of commerce and other service and civic groups.

It was estimated last year from attendance reports that over 1,000,000 citizens over the state attended meetings in public schools.

CALIFORNIA SENATORS ARE SPLIT ON VOTE FOR REFUND ON PRESIDENTIAL BUDGET

California's senators were divided in the voting for the government's huge relief appropriation bill in the U. S. Senate Friday with Hiram W. Johnson opposed to the \$875,000,000 amount asked by President Roosevelt.

According to the roll call vote Senator Sheridan Downey voted in favor of the full amount asked by the president.

LIGHTNING STRIPS WOMAN, LEAVES HER SPEECHLESS BUT PASSER GETS SPEECH

LIMA, Peru, Feb. 2 —(UP)—Lightning which ripped all the clothes from a beautiful young woman in the streets of Celendin left her without the power of speech, a dispatch said.

approval. ranchers to resume payment on land in the district, which by a 1936 law cannot be sold without the Indians'

friends. The home atmosphere seemed to make her thought expand. It brought her rest and satisfaction. As she analyzed her thoughts, she began more earnestly than ever to desire a home and to appreciate all the evidences of home she had ever had.

Then suddenly she awakened to the fact that since man is always in the presence of God, his Father-Mother, man is always at home. Joyfully she began to declare this truth for herself, wherever she was—in her room, at her office, or elsewhere. She commenced to see that this same truth was true about all of God's sons and daughters; that as she consciously acknowledged this fact, everyone who came to her must feel the joy and peace of being at home. It was not long before this young woman was sharing an apartment with a friend and experiencing to a greater degree the blessing of being at home.

These comforting passages point to the fact that since God, our Father-Mother, includes all the good there is or ever can be, we need not fear that we shall lose anything precious if we acknowledge, love, and adopt the spiritual concept of home. Nor can we fear that this home will not be progressively beautiful. Indeed, we shall be opening our eyes to behold and experience more of the glories of earth and heaven.

As we discern that man can never be separated from God, we realize that man can never be separated from home. As the good which we see expressed anywhere is evidence of our consciousness of God's presence. Good then, is not personal limited, or restricted. Real home is not liable to be broken; for man's relationship to God is God-sustained. Home cannot be lost; it is as ever present as God Himself. It cannot become drab or uninteresting; it is illumined with the radiance of love filled with the ideas of Truth. Home cannot lack tenderness, companionship, joy or any other good, for divine Love is always imparting its own tender, joyous qualities. And man is always in the company of God's witnesses. Surely we need not be fearful about our home, for we can always lift our thoughts to accept the home God knows, and receive the blessing He promises (Isaiah 26:3): "Thou wilt keep him in perfect peace whose mind is stayed on thee: because he trusteth in thee."—The Christian Science Monitor.

Home

"ALL things come home at evening, like birds that weary of their roaming."

What a true picture these words paint! And how familiar! Perhaps this truism and familiarity explain their universal appeal for men every where love the thought of home. Sometimes it is the home they have known in childhood, again it may be one they are enjoying now. Or it may be an ideal which they yearningly hope to attain.

But whatever may be the case, home symbolizes shelter, comfort, joy, contentment, rest, companionship; a place where one is understood, loved, encouraged. These things are legitimate. Yet today there are many who seem homeless or unhappily situated.

"Whither shall I go from thy spirit?" and "I will dwell in the house of the Lord for ever" (Psalms 139:7; 23:6) are utterances of one who had at least glimpsed the spiritual aspect of home. He had also seen somewhat of the nature of man—the man whom the Scriptures depict as made "in the image of God"—and so he could say (Psalms 90:1), "Lord, thou hast been our dwelling place in all generations."

The Discoverer and Founder of Christian Science, Mary Baker Eddy, realized that God can only be imaged forth by that which possesses the nature of God. Therefore, man, made in God's likeness, is not a material mortal, but a spiritual idea. In her "Miscellaneous Writings" Mrs. Eddy makes this very clear. She writes (p. 186): "We learn in the Scriptures, as in divine Science, that God made all; that He is the universal Father and Mother of man; that God is divine Love; therefore divine Love is the divine Principle of the divine idea named man; in other words, the spiritual Principle of spiritua man. Now let us not lose this Science of man, but gain it clearly; then we shall see that man cannot be separated from his perfect Principle, God, inasmuch as an idea cannot be torn apart from its fundamental basis."

A young woman who had always loved her home found after her childhood home no longer existed, that some of her happiest moments were those spent in the homes of her

Assemblyman Puzzled By Own Appointment As Committee Chairman

SACRAMENTO, Feb. 2 —(UP)—Assemblyman Gerald C. Kepple of Whittier was named chairman of the soldiers and sailors affairs committee in the lower house of the legislature.

Commenting on his selection, Kepple said probably the speaker didn't know about his Quaker ancestry, the fact that he represented a district with a large Quaker population and in addition that he was too young to be veteran of the World War.

GRASS VALLIANS PROTEST TO 'CONQUERING HERO' VISIT OF TOM MOONEY TO TOWN

GRASS VALLEY, Feb. 2 —(UP)—This historic old mining town, scene of bitter quarreling between CIO pickets and independent miners, vibrated with tension Saturday night as citizens gossiped on street corners about the scheduled appearance Sunday of Tom Mooney, recently released bomber, and Harry Bridges, alien CIO labor agitator.

When first informed of the affair, Mayor John Thomas was quoted as saying that "they are not going to speak if I can prevent it....we have not let Communists speak here yet."

SKIING CHAMPIONSHIPS

February 3, 4 and 5 have been selected as the tentative dates for the Pacific Coast Intercollegiate Skiing Championships at Yosemite, according to the National Automobile Club. Included in the contests of this meet are downhill racing, slalom, cross country and jumping.

SYRACUSE, Feb. 2 —(UP)—Rep. Bruce Barton, Republican of New York, asserted Friday that the New Deal's popularity pendulum is swinging downward 'just about on schedule'

Friday, but the shock of seeing the nude victim restored speech to a passerby who had long been mute.

It's the unexpected that makes the ball game interesting—whether it be football or The Great Game of Politics. And the unexpected has happened in the 1939 session of the State Legislature. Repeatedly, during the first half of the legislative session, the Assembly—supposedly the left-wing house, with flighty tendencies—cracked down on its radical members and voted a conservative middle-of-the-road ticket that sounded like a roll call in the rural controlled State Senate. The resolution demanding the Secretary of Labor Frances Perkins submit a full report on Harry Bridges, for example, originated in the lower house. And during debate in the Assembly, Mr. Bridges was condemned as "more costly to San Francisco than the earthquake and fire of 1906."

Though there's been a determined attempt to hush-hush it, the report of sabotage in connection with the recent epidemic of military plane crack-ups may have substance! Federal investigators have quietly taken their places in the personnel at most of the leading airplane manufacturing plants in California. And the next few weeks may bring startling developments.

If the Alameda County Grand Jury fails to make a case against Mark Lee Megladdery, private secretary to former Governor Merriam, Uncle Sam, our spy advises, is almost certain to call the gentleman for questioning regarding his alleged failure to pay income tax on earnings over and above his State salary. Testimony, thusfar, has indicated that the former gubernatorial secretary managed to collect several thousand dollars a year, in one manner or another, from sources other than the State government. And no tax was paid on his extra-secretarial earnings.

ATTRACTIVE SHOWS OFFERED AT LOCAL THEATER THIS WEEK

By I. C. Starrs

Starting off this week's offerings at the Donner Theater is a picture that Jimmy Fiddler rated with several bells. He claimed that the picture was buried in favor of more expensive productions, but that "A Man to Remember" was a picture that shouldn't be missed.

Starring in the revival of one of the most thrilling pictures of the World War, "Dawn Patrol," is Errol Flynn, hero of millions. With no heart interest other than thrills this promises to be a really refreshing story to say the least. Remember it shows on Sunday.

On the other end, for those who like comedy, is "Little Tough Guys in Society" starring those two veterans at making others merry, Mary Boland and Edward Everett Horton.

JUSTICE LEAVES FOR CAPITAL

Justice and Mrs. Raglan Tuttle and sons left Nevada City this week to make their future home in Sacramento.

Richard Tuttle will enroll in the Sacramento Junior College. Their son Franklin is a Stanford student.

To Represent U of N—

Among the six members of the University of Nevada's Ski Team to be sent to the International Ski Tournament on Treasure Island on Feb. 18th are Carl Bechdolt, Jr., Jim Worden and Earl Edmunds. The former two are from Tahoe while Edmunds is a Truckee resident.

To Ski at Exposition—

David Renner, Tahoe ace skier, is slated to compete in the opening day ski meet on Treasure Island on February 18.

On February 6th—

the Chamber of Commerce will meet at George's Cafe.

Improving—

Reports from Reno indicate that Mrs. Vernon Barrett is steadily improving from injuries sustained in an automobile accident. Barrett is now working in the Sacramento offices of the Motor Vehicles Department.

At Auburn—

Mrs. N. F. Dolley and son, Thomas, are guests this week of Mrs. Jack Champion of Auburn, an aunt of Mr. Dolley.

Increased Enrollment—

The enrollment of the Community Church continues to show an increase with sixty-four having joined the classes last Sunday. A goal of seventy-five has been set for this Sunday's attendance. Rev. G. J. E. Keetch has announced.

Visits Here—

Miss Elaine McCallen of Roseville was a visitor here during the weekend.

Hurts Knee—

Glenn Robinson is reported to be nursing a wrenched knee this week as the result of a skiing accident.

Moving—

Mr. and Mrs. R. C. Gifford are moving from Spring Street to Riverside Drive where they will occupy a J. Wolert house.

To San Francisco—

Mr. and Mrs. Robert Tonini left Monday for San Francisco for a short visit.

Undergoes Operation—

Local friends of Miss Ruth McLeod were sorry to learn that she recently underwent an operation for appendicitis in a Reno hospital. She is convalescing now at her Sparks home. Miss McLeod is a former Hobart Mills resident.

CLASSIFIED ADS

POSITION WANTED—by day or by hour. Mrs. Wm. Kellenbach, c/o McKelvey Apartments.

NOTICE TO CREDITORS
On and after this date I will not be responsible for any debts contracted in the name of the KING'S BEACH GARAGE by anyone other than the undersigned.
1-19-39 T. F. DOHERTY

FOR RENT—2 apartments in Telephone Bldg., Rents: \$25 and \$30. Inquire at Sierra Tavern.

FOR RENT—four roomed, partially furnished house, close in near grammar school, basement. Apply at the Sierra Sun or phone 208W.

FOR RENT—Two room apartment, steam heat, bath. Phone 06.

FAIR DATES SET

Nevada county's fair will be held from September 22 to 24 in Grass Valley and Placer county's from August 25 to 27 in Roseville, according to Tevis Paine, secretary of the Western Fairs Association.

Enrolls At School—

Miss Vivien Ogan has arrived here from Kansas City to take up studies at the local high school. Just a year ago her sister, Juanita, came here, graduating last June. Miss Vivien is a Junior.

To Orangeville—

Mrs. Ed Wagner motored to Orangevale on Tuesday, returning with Mrs. Lief Nielsen who is improving in health.

Mrs. Wagner said the trip was marred by a heavy hailstorm encountered near Auburn but that indications of spring were evident in the valley in the blooming flowers.

New Doors—

A new set of double doors has been installed at the high school to replace a broken set.

In Redding—

Mr. and Mrs. Herb Bartman are at Redding where Bartman, formerly at the local checking station, is now employed.

From Hobart to Sparks—

Mr. and Mrs. Herb Canady and son of Hobart Mills were the guests of Mr. and Mrs. Albert Canady of Sparks last week end.

Operated On—

Ray Cavallo, former resident of Hobart Mills and son of Mr. and Mrs. Sam Cavallo, recently underwent an operation in a Reno hospital and is reported doing nicely at home.

Now In Fresno—

Friends of Mr. and Mrs. E. K. Wilson, former Hobart Mills residents, have recently heard from them from Fresno where he is employed in a lumber yard.

McLeods In Fresno—

Mr. and Mrs. M. McLeod and son formerly of Hobart Mills, are now living in Fresno.

Return From South—

Mr. and Mrs. Frank Brummond have returned from a three weeks visit in Southern California.

Snow Removed—

Supervisor Alex Robertson had the county plows clearing the streets of Truckee as soon as the snow piled to such a depth as to make them impassable.
